**SANITARY SEWER RATE RESOLUTION**

BE IT HEREBY RESOLVED, that pursuant to the powers conferred upon it by the ordinances of the City of Schuyler, Nebraska, that the Board of Public Works does hereby establish the following sanitary sewer rates, which it deems to be just and equitable, with bill to be paid monthly by each resident or firm or business whose premises are served by the sanitary sewer system of the City of Schuyler, Nebraska.

The following sanitary sewer use fees shall be based on the quarterly water consumption meter readings made between December and March, and shall be in force and effect until the quarterly water consumption meter reading made in March of each year.

The following schedule includes the rates to be charged:

<u>Service Availability Charge:</u>	<u>Inside City Limits</u>	<u>Outside City Limits</u>
Meter sizes 5/8", 3/4", 1" .....	\$ 11.35 per month	\$ 18.60 per month
Meter size 1 1/2" .....	\$ 21.65 per month	\$ 35.00 per month
Meter size 2" .....	\$ 38.25 per month	\$ 60.00 per month
Meter size 3" .....	\$ 70.00 per month	\$113.30 per month
Meter size 4" .....	\$108.25 per month	\$175.25 per month

Consumption Charge:

Next 2500 cu. ft. ....	\$ 2.985 / HCF	\$ 3.860 / HCF
Additional cu. ft. ....	\$ 2.080 / HCF	\$ 2.695 / HCF

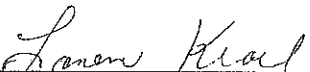

Residential sewer customers who are not City water use customers .... \$36.25 per month

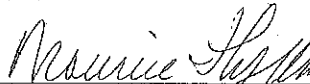

Any new sewer use customers for whom no current March water meter reading is available shall be charged Meter size Service Availability Charge plus \$21.75 per month until a subsequent March water meter reading is available, at which time said reading shall be the basis for the monthly fee. After it is established how much additional revenue can be obtained by metering water usage of presently unmetered customers, rates for the second half of the fiscal year should be developed and adopted in order to obtain the annual revenue.

Rate effective with consumption used from March 2011 meter reading and supersedes all preceding rates.

Approved March 18, 2011.
